## AQUA CLASS DESCRIPTIONS

The Group Fitness Schedules are available at the Member Service Desk and at our website [www.loyolafitness.org](http://www.loyolafitness.org)

**Aqua Fit- All Levels** - Use the water's resistance and buoyancy for an aerobic and muscle conditioning workout with reduced impact on your joints. Equipment such as noodles, dumbbells and aqua gloves may be used to enhance the workout.

**Aquata Tabata**- This class combines 4-minute exercise sequences to give you a full body workout. Each sequence is broken into eight 20/10 intervals (20 seconds of intense work followed by 10 seconds of rest). Mixing this format with the properties of water through a variety of simple, yet intense exercises, allows each class to blast calories and work muscles!

**Deep H20**- Take the plunge! Deep water exercise will challenge your muscle strength and endurance while providing a great cardiovascular workout. Equipment will be used to help with floatation. Participants should feel comfortable swimming in deep water. *Class takes place in the deep lane of the lap pool.*

**Bootcamp- All Levels** - Intervals, circuits, and athletic movements will intensify your water experience. This total body workout will focus on cardiovascular and strength training exercises in the warm water pool. Equipment such as gloves, noodles, and dumbbells will be utilized to maximize the training effects of the water.

**H20 Overload- Levels 2 & 3** - This interval training style water class will bring high intensity cardio moves together with challenging muscular endurance.

**Pool Volleyball**- Spike, bump, and dip your way through open play volleyball.
